MAN DIES OF HIS INJURIES

Brakeman Injured at Falmouth Passed Away Last Evening.

Parents Arrive in Time to Bid Him Good-bye—A Sad Scene.

One of the saddest death bed scenes which has occurred in this city for some time was that which took place at Sexton's hospital shortly after six o'clock last evening.

At that time the spirit of Leland M. Meranda, the Pennsylvania brakeman who was injured Friday morning while making a coupling on his train at Falmouth, passed to its reward. The young man was conscious until the last and he impressed everyone about the hospital with his wonderful nerve which held out until the end.

Although suffering greatly he bore it all without a murmur. About four o'clock his pain seemed to cease and he felt very much better. At that time he sent for Dr. Sexton and asked if there was any hope. Upon being informed that there was none he thanked the physician and resigned himself to his fate. He sang several verses from "Anywhere with Jesus" and stated that he was not afraid to die; that it was alright with him; he was prepared, but he did wish so much to see his mother before the end came. Through the kindness of Providence the young man's desire was fulfilled and his father, William Meranda, his mother and little brother arrived at 5:30 from Scottsburg.

The scene at the hospital upon their arrival was heart breaking. Meranda informed his mother that he had kept the promise made to her at the time he went on the road, not to chew, smoke or drink, and that his only regret on account of his death was the fact that he was compelled to leave her. He told her that he owed his landlady a small sum and asked her to see that it was paid. The end came at 6:10. The young man was conscious until the last and as his life was slowly slipping away he bid his parents goodbye and passed out of this world forever.

Although they are accustomed to similar scenes the death greatly affected the nurses and employees at the sanitarium.

Meranda was, undoubtedly, a model young man, and his life should be an example to anyone. At all times he was courteous to the nurse, Miss Christy, always thanking her kindly for each little favor.

The young man's parents bravely withstood the shock of their son's death and impressed everyone as courteous and kindly people.

The body of their son was taken to Caldwell's & Company's undertaking establishment, where it was prepared for burial. The family left with the body for Scottsburg at 7:55 this morning.

Coroner Coleman viewed the body last night. He will hold an inquest in regard to the death on Monday.

Meranda was twenty-one years, eight months and five days old. He went to work for the Pennsylvania company in December 1904, against his mother's wishes.

During the four months that he was on the road he suffered two other accidents besides the one which caused his death. At one time he fell from a box car and was injured and at another time he was slightly injured by being struck by a car. He was a young man of fine physique and possessed a cheery disposition.

A postmortem examination was made last night and it was found that the intestines were cut in several places.

While he was being attended at the hospital Meranda repeatedly thanked the nurses and remarked that he "would not bother them much longer."

Although he was a member of no church, Meranda stated that he had always tried to live right and believed he had. The parents' grief at the parting with their son and the cries of the little brother were enough to

move the hardest hearted. In their sad bereavement Mr. and Mrs. Meranda have the sympathy of everyone in Rushville and they should be proud to cherish in memory such a son.

VERY SENSIBLE

(Connersville News.)

Several of the young ladies of the city, who have for some time been members of the Bachelor Girls' club have become disgusted with single blessedness and have organized a Matrimonial club. All ladies, maids, or widows, between the ages of eighteen and sixty are eligible. It is said that already the management is besieged with applicants anxious for membership. The program on entertainment will engage competent teachers to instruct the ladies on how to make home happy, how to care for children, how to sew on buttons and how to make beds and bread. Euchre, pedro and dancing will not be considered in the course of study.

RUSSIANS STAMPEDED

That is the Opinion of an Observant Press Correspondent.

Paris, March 18.—The correspondent at Harbin of the Matin telegraphs a graphic description of the scenes of disorganization witnessed during the railroad journey from Tie Pass to Harbin. The wounded, the correspondent says, were lying exposed and untended everywhere and the soldiers were unable to obtain provisions. Hundreds of stragglers cannot find their regiments. The trains hastening to Harbin were frequently attacked by Chinese bandits who at several places displaced rails. The correspondent adds that Russian officers are indignant, stating that the retreat was ordered when the positions at Tie Pass were still tenable.

FAINTED AT THE DEPOT

J. D. Case Injured on a C. H. & D. Passenger Train Friday Evening.

Jasper D. Case, one of this city's well known residents, was thought for a time to be in a serious condition at the C. H. & D. depot Friday evening.

Mr. Case and his wife returned from Indianapolis on the four o'clock train. As the train came to a stop they arose from their seat to leave the car. Mr. Case rested his hand on the back of the seat in front of them, and as he did so, it was struck by a corner of a heavy satchel carried by a traveling man. The blow was quite painful and Mr. Case grew sick. He had not been in very good health for some time and upon reaching the platform he became so ill that he was compelled to sit down. While he was resting he fainted away and was thought to be in a dangerous condition. Mrs. Case was badly frightened, but summoned Dr. D. H. Dean, and upon his arrival, Mr. Case was revived. The satchel, it is thought, struck a nerve center in the hand and caused the trouble. Mr. Case was taken home in Fred Cook's automobile and is up and about today.

Connersville News, Yesterday.— Mrs. Carl Hegwood spent the afternoon with Mrs. L. V. Hegwood, who is confined at the Sexton Sanitarium, at Rushville, while recovering from a surgical operation, performed a week ago, for the relief of an abscess. Mrs. Hegwood is improving nicely and it is expected that she will be able to return home next Thursday.

CONSIDERABLE UNEASINESS

Is Felt in St. Petersburg Regarding Fate of Fleeing Army.

For Two Days There Has Been no News From Scene of Kurapatkin's Stampede.

St. Petersburg, March 18.—Decided anxiety is felt here regarding the fate of the army in Manchuria under its now commander, no news of military developments the last two days having been received here. The only dispatches from the front are the brief announcements yesterday that General Linevitch had assumed command and that General Kurapatkin was departing for St. Petersburg, which disposes of a rumor that the latter had committed suicide. A Changtufu press dispatch filed the morning of March 16 was written at the station of Kalyuan, which was then held by the Russians. In this correspondent's opinion, no pause in the Japanese advance is probable for some time.

The Russians are losing heavily in the rear-guard actions and Japanese columns are reported to be pushing northward as fast as possible to complete the development of the Russian forces. General Linevitch, however, will have a considerable accession of fresh troops in a day or two, the Fourth European corps being now at Harbin and departing southward. Military officials here declare that there are now 268,000 men at General Linevitch's disposal in Manchuria, and it is believed that this force will be sufficient to cause the Japanese to exercise greater caution in their pursuit.

Prince Hilkoft, who will leave St. Petersburg soon to prepare the Siberian railroad for forwarding the new levies which have been determined on, said that there had been no breakdown as yet, and that he hoped as soon as navigation opened it would be possible to transport one-fourth of the outgoing soldiers by the rivers and relieve the railroad to that extent.

Although Gen. Kurapatkin's downfall was inevitable from the military standpoint, nevertheless it arouses sympathy in circles familiar with the long campaign that has been waged against him by the general staff. General Sakharoff was his open enemy and General Dragomiroff his most severe critic; and many of his own subordinates were jealous and grudgingly obedient. General Linevitch is distinctly a line officer with a long record as a fighter. He is almost as cordially disliked by the general staff as is his predecessor, and there also is bad blood between Kurapatkin and Linevitch dating from a personal quarrel in the days when Kurapatkin was commander of the trans-Baikal army, which led Linevitch to demand satisfaction. Kurapatkin assumed the position that he could not fight an office of inferior rank. The suggestion of this office will naturally increase Kurapatkin's disfavor.

AT LAUREL

Laurel Review.

John Wesley Chance was thrown from a horse, Sunday breaking his collarbone and receiving slight internal injuries. Dr. MacCammon was called and adjusted the fracture. He is reported to be doing reasonably well.

Monday morning while Corwin, the little two-year-old son of Lon Ward and wife, was playing, he accidentally fell into a washtub filled with hot water, and was quite severely scalded about the head and arms.

Stephen Potts was the victim of a painful, but not serious accident, last Saturday evening. He was starting a fire with coal oil and an explosion occurred. His left hand and forearm were burned just deep enough to make them exceedingly painful.

Was Torn to Pieces.

Hammond, Ind., March 18.—A well-dressed stranger, who had carefully removed all marks of identification from his clothing and destroyed all papers, threw himself under an interurban car between Whiting and East Chicago and was torn to pieces.

GET FOUR PER CENT

Do County Surveyors Who Draw Plans For Bridges and Turnpikes.

A new law gives county surveyors who draw plans for bridges, for bridge and turnpike repairing, etc., under orders of commissioners, four per cent of the amount expended for the work. In Marion county this is said to be worth about \$14,000 annually to the county surveyor.

IS HIGHLY GRATIFIED

General Osterhaus Pleased With Honor Conferred Upon Him by Senate

Philadelphia, March 1.—Gen. Peter J. Osterhaus, who has just been placed on the retired list as a brigadier-general, by a special act of congress, in recognition of his services as commander of the Fifteenth army corps in the civil war, has just sailed for Germany, to be gone until September. The Prussian veteran of the civil war is now eighty-three years old, but still young enough, he says, to be rated as a soldier that could be mustered "in a pinch." He is the oldest civil war corps commander living. General Osterhaus is highly gratified that the senate has conferred upon him the honor of enrolling his name among the generals of the regular army.

OWNER OF OPERA HOUSE ARRESTED

D. W. Andre of Connersville Arrested on Complaint Filed by Inspector.

(Connersville News, Friday.)

D. W. Andre, proprietor of Andre's opera house, was arrested today, on a bench warrant, filed by Harry A. Richards, Deputy Inspector of the State Department of Inspection. Mr. Andre was brought before Judge Gray and gave bond in the sum of \$200, for his appearance Monday, when the case will be heard. D. W. McKee signed the surety bond.

Mr. Andre is charged in three counts, on information, with failing to supply necessary equipment for his opera house required by law as protection to patrons in case of fire.

Mr. Andre contends that he is violating no law and says he will fight the case to a finish in the higher courts.

This is said to be the first case under the law ever brought in the State and will therefore be watched with interest.

THE OLD CLUB

Ypsilanti! Ypsilanti!

"Give us back those happy days. When we boys and girls together, Had our pleasures and our plays. Give us back those dear old dances, In the winter, spring and fall, Take us back just for one evening. To an Ypsilanti ball. Ypsilanti! Ypsilanti!"

We are asking what cannot be; For we have drifted far apart now, From the village to the sea. But if asking things now forbidden,

May we not some day perchance, Meet again in the dear old club room, And have a Ypsilanti dance?

JOHN SPIVEY, Palo Alto, Cal.

The Shakespear Club will meet with Mrs. Ora Wilson next Saturday afternoon at 2:30.

SUPT. COTTON PLACES BLAME

He Says Assembly's Inaction is Due to Indifference of Teachers.

Advises Teachers to Keep on Teaching School and Talking For More Pay.

In the March bulletin to teachers, to be issued next week by State Superintendent of Public Instruction Fasset A. Cotton, the failure of the last legislature to enact the bill raising the minimum wages of the teacher of the State is attributed to the lack of interest displayed by the teachers themselves. After enumerating the acts that were passed, the three-fifths cent levy for rural schools, the transfer of funds from the special fund to the tuition fund, the increase in the per diem of county superintendents from \$4 to \$4.50, the ten-year book contract, and the appropriation bill, allowing an assistant in the office of the State superintendent, Mr. Cotton says in the bulletin:

"The school laws now make it possible for every community in the State to have good schools. The responsibility for education is placed just where it belongs—upon the people. The one law that failed that came close to teachers was the one providing a minimum wages amount equal to three and one-half times the general average of teachers, holding three years license, and a successful record of four years. The bill was probably defeated by the teachers themselves. Legislators actually received letters from teachers opposing this bill. Of course, the opposition came from so-called teachers whom the bill did not benefit. On the other hand, the passive attitude of teachers who favored the acts in failing to write to legislators asking for its enactment doubtless had much to do with its defeat. The teachers of Indiana need to learn that if the calling is to be put upon a higher plane financially as well as professionally it is to be done by the teachers themselves. When the question of raising the salaries of judges is before the Legislature the judges leave their benches to look after the measure. Two years hence when we ask for legislative favors the teachers of the State should be prepared to make, with emphasis, the demand for what is theirs. In the meantime let us teach school and secure the active support of our respective communities."

THE STATE OF TRADE

Bradstreet Reports the Conditions as Being Generally Encouraging.

New York, March 18.—Bradstreet's weekly review of trade today says: Spring trade and outdoor activities gather force as the month advances. Better weather, small interior stocks and confidence in the future induce a wider distribution in practically all sections except the south, where considerable irregularity appears, some markets reporting expansion, while others advise of contraction, compared with a year ago. Dry goods, clothing, groceries, shoes, hardware, farm implements, lumber and building material show relatively most activity. All reports indicate great activity in railway circles. A feature of the spring outlook is the confidence in a very large amount of building being done in nearly all parts of the country.

The Associate Members of the Ladies' Musical will entertain the active members at the home of Mrs. Willard Amos Friday afternoon at two o'clock.

THEY ARE BARRED

Corporation Attorneys are Restricted From Holding Office in City Service.

The new cities and town law is particularly emphatic on a phase of common law that has long been a practically dead letter. The clause is as follows:

"No officer, employee, agent or servant of any corporation, firm, company or person holding or operating under a franchise granted by any city or having any contract with such city, shall be eligible to any office in such city; and any officer of any city, accepting any office in or employment by any such corporation, firm, company or persons holding or operating under such franchise, or having any such contract, or seeking to acquire any such franchise or contract, shall thereby vacate such city office. Any contract in contravention of the foregoing provisions shall be absolutely void; any person violating any such provision shall be fined not more than \$1000 and imprisoned in the State prison not less than one year not more than ten years." It will be seen that the penalties are very severe.

COMPLIMENTARY

What Neighborhood Papers Say of the Daily Republican.

Connersville Courier.

The Rushville Daily Republican has just closed its first year. It is one of the best county seat dailies in Indiana, and its large circulation is an evidence of the fact that the Rushville and Rush county people appreciate its good qualities.

Knightstown Banner.

The Rushville Daily Republican was a year old Monday. It is a lusty looking youngster—a 7-column folio, and overflowing with good local and general reading matter. There is nothing the matter with the Republican, not even the price—10 cents a week—which is dirt cheap for a home grown and home-made daily newspaper.

New Castle Courier.

The Rushville Daily Republican was one year old on the 14th inst. In that time it has done well, though Rushville is afflicted with three daily papers where one would be quite sufficient. The Daily Republican is a clean lively paper and strikes the real key note when it says: "Local news first." It has the support of a constantly increasing patronage, which it deserves.

Seymour Republican.

The Rushville Republican is a year old and it has all the indications of prosperity. It is a bright newsy paper and is a credit to Rushville. Mr. J. Feudner is the proprietor.

Columbus Republican

The Rushville Daily Republican closed its first year March 14. The Republican is one of the very best papers that comes to our exchange table. It is well edited and well printed. The patronage bestowed indicates that the merchants of Rushville appreciate it.

Rising Sun Recorder.

The Rushville Daily Republican is a year old. It has proved a great success.

CHADWICK SALE

C. J. eland, O., March 18.—The household property of Mrs. Cassie L. Chadwick was sold at auction to A. D. Nelson of New York, for \$25,200. There were twenty bidders. Clothing to the value of between \$4,000 and \$5,000 which Mrs. Chadwick held to be exempt from the claims of her creditors, under the bankrupt laws, was not offered for sale.

IT MAY MEAN A BIG STRIKE

The Operators Take the Initiative in the Coal Fields Dispute.

Operators Order Collection of Dues For United Miners Discontinued Indefinitely.

Terre Haute, Ind., March 18.—President Kolsen of the Indiana Operators' association has sent notice to the operators of Sullivan county to suspend collection for the check weighman and the check-off for dues to the labor organization. Mr. Kolsen says the miners have shown no disposition to rectify the error which the operators assert was made when the men at the Jackson Hill mine were ordered out. When asked what the next step would be, President Kolsen said that it was up to the miners. Naturally they would not work with the check-offs removed. The miners' convention is composed of conservative men as a rule, but the issue is such that there is probability of radical action. Should all the men in the Sullivan county field, more than 2,000 in number, be ordered out, there is reason for saying the operators will retaliate by a step which will involve the whole state. President Kolsen's manner indicated that he was willing, and he said the Indiana operators are of one mind, to determine the question now.

RED HATS ARE TO BE IN VOGUE

The milliners declare that this will be a season of red hats, and it is believed by the pessimist that the craze is the result of the Russian bloodshed. Whether this is true or not, it is a fact that red always is popular in the early spring styles, but when warm weather gets under headway the red is laid on the shelf for something more subdued. As Easter comes later than usual this year, it will be a milliner's year, for as soon as the weather grows pleasant the new hat is a necessity. By the middle of April the hat will be entirely too shabby for Easter. The milliner's head at present is pretty full of the head adornment of her patrons, and as it promises to be a most colorful season, it's a wonder the ladies have time for anything else.

BY THE WAYSIDE

A Missouri newspaper man who has yet to be shown, prints the following: "Early to bed and early to rise, does very well for sick folks and guys, but it makes a man miss all the fun till he dies and joins the stiffies that are gone to the skies. Go to bed when you please and die at your ease, you'll die just the same of some Latin disease!"

The Krupp Company at Essen, Germany, is making field guns of paper now, and it is said that they are about half the weight of the steel guns, and are nearly as powerful, and have nearly the same length of life.

THE WEATHER.

Showers and Probably Severe Thunderstorms Tonight and Sunday Much Colder.

Colds

It should be borne in mind that every cold weakens the lungs, lowers the vitality and prepares the system for the more serious diseases, among which are the two greatest destroyers of human life, pneumonia and consumption.

Chamberlain's Cough Remedy

has won its great popularity by its prompt cures of this most common ailment. It aids expectoration, relieves the lungs and opens the secretions, effecting a speedy and permanent cure. It counteracts any tendency toward pneumonia.

A Pennsylvania Judge decides that only when he wishes to do so need "the head of the house" entertain his mother-in-law. The wise son-in-law, assured that the law is on his side, will let it go at that.

The cigarette smokers in Indiana who, by "force of circumstance," contemplate changing to the pipe, will take notice that an Eastern inventor has invented a new pipe made of asbestos and condensed milk, which can be colored from a light brown to ebony.

The Japanese have not performed prodigies of valor and loaded themselves with a burden of debt which will remain to plague babes yet unborn merely to preserve Korea or to rid their Chinese neighbors of troublesome trespassers in Manchuria. Japan is in a position to maintain in effect that the nations of Eastern Asia "are henceforth not to be considered as subjects for future colonization by any European power"—a sort of Monroe doctrine, to postpone the dismemberment of China. Whatever may be said for white aggression upon the savage races of Africa and America, there is no excuse for overturning ancient civilization like that of China. In India the mischief is done, with increasing famine as an interesting result. Japan will not be friendless in this program; but friendless or not, there is no combination of powers that is likely to challenge a policy of claiming an Asia for Asiatics.

MR. GOODRICH'S PLANS

Republican State Chairman Prominently Mentioned for Re-Election.

Indianapolis, March 18.—Chairman Goodrich of the Republican state committee is again in the East, but this time it is understood that he is making a business trip. It is pretty well understood, however, that his name will be presented for re-election when the committee is reorganized next spring. It is hardly fair to say that he is a candidate, for it is generally conceded that he can have the place without becoming a candidate, owing to the excellent record he has made at the head of the organization. It will be a trifle unusual for a man to serve as chairman three campaigns in succession, but he has been requested by many of the party leaders to do so, and it is very likely that he will consent, although at a personal sacrifice.

If the senate adjourns within a day or so Senators Beveridge and Hemenway will probably return to Indiana by the latter part of next week. Their coming is eagerly awaited by a large number of postmasters in the Third and Fourth districts who are on the anxious seat, not knowing whether or not they are to be reappointed. There are also many candidates for their places who are waiting for a chance at the two senators. While this statement is unauthorized, it will not be surprising if most of the postmasters are retained, as it seems to be the policy to keep efficient men in these offices. It is probable that both senators will dispose of their appointments before the beginning of the summer vacation, so as to be free from care then. Senator Hemenway will visit the Lewis and Clark exposition at Portland, Ore., as a member of the con-

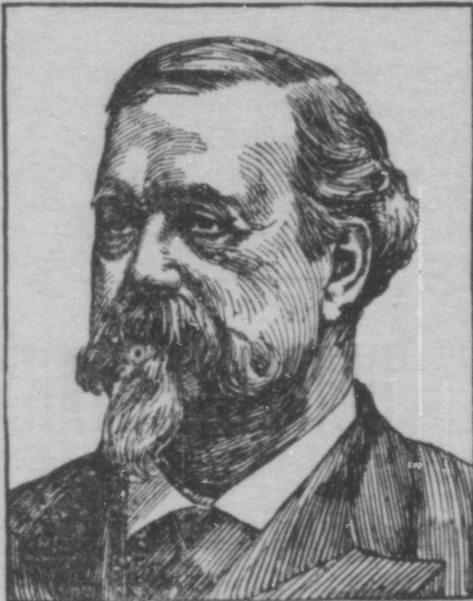

gressional committee appointed by Speaker Cannon, and it is possible that Senator Beveridge may take a flying trip to Cuba and Porto Rico.

Vice President Charles W. Fairbanks will probably arrive in Indianapolis next Tuesday or Wednesday. He is scheduled to address the Ohio Society at New York tonight and to deliver an address before the Tar-Heel Club of Greensboro, N. C., the first of the week. These are the last engagements he expects to fill before he returns to Indianapolis. It is the understanding that he will be initiated into the mysteries of the higher degrees of Masonry here next week, but it may be that he will not arrive in time for the opening of the conclave, which promises to be one of the most notable in the history of the rite in this state. The vice president will spend most of the summer in Indianapolis, and inasmuch as he has no senatorial duties now, he will be free to accept more invitations to speak, and it is probable that he will be on the go much of the time. Mrs. Fairbanks, it is said, will remain at Washington for the present.

The army of job hunters which has besieged Governor Hanly for several days has greatly diminished since he announced his initial appointments, but it is still large. A spirited contest has developed for the secretaryship of the railway commission, which pays \$2,500 a year. Delegations have called on the governor in behalf of Harry Brunaugh of this city, C. E. Riley of Rushville, secretary of the Indiana Grain Dealers' association, and A. D. Oghorn of Newcastle. It is thought the latter stands the best show of landing the place.

General Hawley Dead.

Washington, March 18.—General Joseph R. Hawley, former United

GENERAL HAWLEY.

States senator from Connecticut, died here last evening after a brief illness.

Senate Ready to Expire.

Washington, March 18.—Adjournment of the senate is looked for today. The senate convened at 11 o'clock and went into executive session immediately with a purpose of concluding business by night. It is not determined whether the treaty will be re-committed or whether it will be allowed to lapse without action of any kind. The session is continued beyond today it will be because of delay of getting certain nominations settled. The controversies that have been holding the senate are in relation to Illinois judgeships and the appointment of an internal revenue collector.

Seeking to Suppress Smallpox.

Evansville, Ind., March 18.—The county council of Vanderburg county has appropriated \$25,000 for the purpose of suppressing the smallpox in this city. There are now something like sixty cases of smallpox in the local pesthouses. Of the \$25,000 appropriated, \$5,000 has been used up, and there are smallpox orders to the amount of \$13,600 outstanding. The money was borrowed from the school fund of the county.

Expert Investigation Wanted.

Terre Haute, Ind., March 18.—The grand jury has adjourned after making a report to the court that it had been unable to get testimony by which to return indictments for alleged "graft" in county affairs. The jury said that what it had ascertained was only hearsay, but recommended that a thorough investigation of the county records be made by which something tangible could be obtained.

Odd Fellows' Report.

Indianapolis, March 18.—The annual report of the grand lodge of Indiana Odd Fellows for the year 1904 has been completed and has been forwarded by Grand Secretary W. H. Leedy to the grand secretary of the sovereign grand lodge. The report is stated to show a satisfactory condition in Indiana Odd Fellowship, although it does not show as large gains as were recorded for the year 1903.

Ministers' Wives Subpenaed.

Kendallville, Ind., March 18.—Kendallville is on the verge of nervous collapse because John D. Kelly, owner of the Hotel Kelly, has subpoenaed the wife of every Kendallville minister as witnesses in a liquor case filed through the influence of the Civic Federation against Kelly. Temperance people can not understand it and Kelly refuses to talk.

Captured Wife's Assailant.

Paris, Ill. March 18.—Elbert Wright, a wealthy farmer of Horace, five miles north of here, whose wife was assaulted Saturday by Peter Bassett, yesterday shot and seriously wounded the accused man. He then tied Bassett in a buggy and delivered him to the officers here. Bassett confessed to the crime.

ABOUT THE LIMIT

France's Store of Patience With Castro Is Nearly Exhausted.

WILL SEND ULTIMATUM

If This Does Not Have Desired Effect: There Are Some French Warships Hovering Near.

Ambassador Jusserand Takes Up the Provoking Situation With the State Department.

Washington, March 18.—France has officially notified the United States of the action of the Venezuelan government against the French cable company which she regards as high handed and unwarranted. While insisting that diplomatic means will be exhausted in the effort to relieve the situation it is declared that President Castro is rapidly exhausting French patience and thereby forcing France toward the limit of diplomacy. France has invited the attention of the American

AMBASSADOR JUSSERAND.

government to the Venezuelan situation because of its interests in Pan American affairs and in order that it may ascertain the probable course of action which this government will take against Venezuela. It is the wish of the French government to act along parallel lines as far as practicable. These developments in the Venezuelan situation are regarded as the preliminary step toward the relief of a situation in Caracas which Europe as well as the United States has for some time regarded with dissatisfaction.

It is probable that upon the president's return from New York M. Jusserand, the French ambassador, will outline to him the position in which the French government finds itself as a result of President Castro's latest action and discuss generally with the president the entire situation about which France is keenly annoyed. It is pointed out that it is the wish of the French government to settle as quietly as possible its differences with Venezuela and in case a French ultimatum is followed by no relief in the situation France will have well nigh reached the limit of diplomacy.

In view of the unfavorable conditions in Venezuela at this moment the French armored cruiser Duplex and the protected cruiser Julian de Graviers of twenty-three knots speed which are now in the Caribbean will be retained in that vicinity indefinitely. Although the greater part of the North Atlantic fleet is soon to come north as far as Pensacola for target practice an adequate contingent will remain in Dominican waters to guard American interests there and in case of an emergency in Venezuela the fleet at Pensacola will be in easy cruising distance.

Kuropatkin En Route Home.

Changtufu, March 18.—General Kuropatkin left here last night for St. Petersburg.

M. Witte to Be Relieved.

St. Petersburg, March 18.—There is good authority for the statement that M. Witte's recommendation of the abolition of the committee of ministers has been adopted by Emperor Nicholas and the veteran statesman will soon be relieved of his duties which he is reported to find both onerous and distasteful.

A Thankless Job.

St. Petersburg, March 18.—General Linevitch's appointment to succeed General Kuropatkin was decided upon at the last moment because all the generals Emperor Nicholas consulted, including Grand Duke Nicholas, Soukhomlinoff, Grodekoff and Roop, declined to assume the heavy burden.

Port Arthur Inquiry.

St. Petersburg, March 18.—A commission has been appointed under the presidency of General Roop, a member of the council of the empire to investigate the surrender of Port Arthur and act as a court to determine the responsibility of General Stoessel.

Martial Law Declared.

Tiflis, Transcaucasia, March 18.—Martial law has been declared in the Ozurgati and Senakh districts in the government of Kutais and also at Kintrichi, in the government of Ratum.

Peabody Sticks to Agreement.

Denver, Col., March 18.—The bargain made by leaders of the opposing Republican factions of Colorado to take the governor's chair from Alva Adams and to seat Lieutenant Governor Jesse F. McDonald after permitting James H. Peabody to hold office for one day, was carried to a conclusion last evening. Governor Peabody in fulfillment of the agreement which he made prior to the general assembly deciding the gubernatorial contest in his favor, resigned last evening and Lieutenant Governor McDonald was then sworn in as governor by Chief Justice Gabert. There was no further ceremony.

President Addresses Irishmen.

New York, March 18.—President Roosevelt was the guest of honor last night at the 121st annual dinner of the Friendly Sons of St. Patrick. He was accorded a flattering ovation by more than 600 members of the society and its guests, and responded in a notable address. The banquet was given in the golden dining hall at Delmonico's and its annex and both rooms were filled to their capacity.

Fighting the Oil Trust.

Morgantown, Ky., March 18.—The Union county grand jury has returned 151 indictments against the Standard Oil company for selling oil in retail lots without a license. The penalty is a fine of from \$50 to \$1,000 for each conviction. This is said to be the largest number of indictments ever returned against any one corporation in Kentucky.

Mrs. Gindelsperger Guilty.

Chillicothe, O., March 1.—A jury has found Mrs. Gindelsperger guilty of manslaughter in killing her husband near Greenfield this county, July 2, 1896. Alex Gindelsperger was found dead in a lane near the house by his wife with his head mashed. She claims he was called out in the night and did not return.

Wisconsin Gets in Line.

Madison, Wis., March 18.—A drastic anti-cigarette bill previously passed by the assembly was passed by the senate yesterday. It makes unlawful the sale, gift or importation into Wisconsin of cigarettes or cigarette materials.

The Passengers Kicked.

Horta, Azores, March 18.—The French trans-Atlantic steamer Montreal, bound for New York, has returned to Horta owing to the refusal of the passengers to continue on the voyage, the vessel being short of provisions. Serious trouble occurred between the passengers and the officers.

Fatal Wreck at Crossing.

Minerva, Ohio, March 18.—Five persons were injured, two probably fatally, the result of a collision between a Lake Shore freight train and the Pennsylvania accommodation at the crossing of the two lines near Minerva.

Committed to Jail.

Anderson, Ind., March 18.—The preliminary hearing of Elmer Miller, charged with an attempt to assault Mrs. Nellie Granger, resulted in Miller being committed to jail in default of bail to await grand jury action.

The Mystery Deepens.

St. Paul, March 18.—The body of Joseph Hartmann, alleged accomplice of Edward Gottschalk, who is charged with the murder of Christian Schindel-decker in the latter's butcher shop on Feb. 18, was found in the Mississippi river. The body was found by the police, who have been dragging the river for days on the supposition that after having assisted in the murder of Schindel-decker Hartmann was killed to prevent giving information about the murder. No doubt can exist that Hartmann was murdered. Upon his feet were tied two heavy flatirons to keep the body from rising to the surface. On the back of the head was a cut apparently made with a flatiron. Gottschalk has been held to the grand jury.

General Orders No. 4335.

"Reports from the field state that our campaign against Dyspepsia and Indigestion is making wonderful progress. The people of Rushville are very friendly to us. They believe us when we say that Rexall Dyspepsia Tablets will cure or money will be refunded. They know we could not afford to say this if it were not true.

"As a result of the free distribution, many well directed shots were fired, and many persons already feel that the enemy (Dyspepsia) is doomed.

"Hundreds of Rushville people are preparing to assist in the campaign against Stomach Weaknesses, Distress After Eating, Headaches, Heartburn, and all results of poor Digestion and Dyspepsia by purchasing Rexall Dyspepsia Tablets and beginning treatment at once.

"You will lose no opportunity to urge the people of Rushville to co-operate in banishing the foe and putting an end to the General Prevalence of Indigestion and Dyspepsia.

"You will proclaim our Iron bound promise to refund the money if Rexall Dyspepsia Tablets will not do all we say, and report to Lytle's Corner Drug Store for further orders.

Free Distribution one day only, Saturday, March 18, beginning at 8 a. m.

Rexall Dyspepsia Tablets are Warranted to Cure all forms of Dyspepsia and Indigestion.

Mrs. Oril Montanye will open a millinery store at Gowdy.

Clay Patterson is first to report oats sown.

Orange township items seem to have been lost in the mail last week.

John Benning and Bert Hungerford have returned from Dakota. They were well pleased with the country.

Owen Carpenter and wife are at home. They have been attending school in Illinois.

The eighth year examination was held at Moscow Saturday.

The Gowdy Gas company is making several changes in its gas mains to prevent freezing.

We don't know how a young man can get drunk at Milroy. There is no saloon there. The grand jury should investigate a little at Milroy.

There are many wild ducks bound northward now, and sportsmen are having fine sport.

Orang township schools close next week. We have a 27 week term.

Resolutions of Respect.

Resolutions read and adopted by the Pleasant Ridge Ladies Aid Society at their regular meeting March 8th, 1905:

Whereas God in his infinite wisdom and goodness hath seen fit to remove from our midst our beloved president, Sister Margaret McRoberts, be it therefore

Resolved, That in her death this society loses a faithful and efficient member, who was always ready with her labors to aid in all the causes of the society and the church.

Resolved, That we extend our heartfelt sympathy to the sorrowing husband and son of Margaret, although the affliction may have been a greater one, and hard to bear, yet it was administered by the hand of the all-wise Father, to whose will we would ever submissively bow, knowing that He doeth all things well. We hear His voice saying "Be ye also ready."

THE HIGH SCHOOL.

Each year sees the establishment of new township high schools. Shortly it will be possible for every child in the State to have easy access to high school work. There is one thing that ought to be emphasized very strongly and that is that the high school is not to be made a preparatory school for college. Preparation for college should be only incidental to the real work of the high school. It is the college or finishing school of a large majority of the people. As such it must teach the boys and girls to think and to do things. Business men want boys and girls who are intelligent, alert, ready to take the initiative, capable of seeing what needs to be done and of doing it well without waiting to be told. However, it should be remembered that the student who is best prepared for life is best prepared for college.

A recent study of the pupils attending a certain high school during a period of ten years revealed the fact that one-third of them graduated, one-third of them dropped out of necessity to work, and that the other third quit school because the subjects did not appeal to them. Unquestionably one-third of its pupils is too large a per cent. to lose for the cause assigned. Without doubt, too, one third is too large a portion to drop out for work. There is something radically wrong with the course of study, with the teaching or both. The work is not meeting the needs of the people. In the first place our high schools need to be endowed with a new spirit and higher ideals. Too many of our students are satisfied merely to "get through." Excellence is not an aim. "To pass," instead of to do perfect work is the goal. The spirit must be combated. The credit system and the hair-splitting percentage marking are in a measure responsible. The introduction of practicable, supplemental industrial work would, in our opinion, come nearer providing a remedy for all these things than anything else that can be done. It would supply work that would appeal to boys and girls. It would make school life practical and concrete and build habits of accuracy. Teachers in town and country need not wait for perfect manual training equipment. Begin now with the tools you have and the material at hand. A square, a saw, a hammer, a chisel or two, a brace and bit will furnish an admirable outfit. The making of simple apparatus, boxes, gates, fences, shelves, frames, for boys, may show the way. As simple an equipment looking toward household industry for the girls may serve the same purpose. The main thing is to begin.

Practical Recipes

For the Housewife

HOT TEA CAKE.

Beat two eggs to a froth, then add one-half cupful of sugar. Into one cupful of sour cream stir one-half teaspoonful of soda dissolved in boiling water, add sugar and eggs with a pinch of salt and flour enough to make stiff batter as for griddle cakes. Bake in gem pans and serve hot.

SMALL GINGER CAKES.

Four tablespoonfuls of sour milk, three of butter or lard, one beaten egg, one teaspoon each of soda and ginger. Put all into a large cup and fill with molasses. Add sufficient flour to make a stiff batter. Bake in gem pans in a slow oven. Nice warm breakfast cakes.

FEATHER BISCUIT.

Two eggs, one teaspoon of mashed potatoes, one pint of new milk, three tablespoonfuls of sugar, one tablespoon of salt, one small teaspoon of liquid yeast. Mix these at night; in the morning add one teaspoonful of lard and enough flour to make a stiff dough about five or six pints). Let this raise to twice its size. Then roll out and cut with a biscuit cutter; put in shallow pans and let raise to twice their size and bake in quick oven. If hot weather begin it in the morning in stead of night.

BANANA SHORTCAKE.

Womankind has the shortcake fever nowadays, and since she has been so successful with the strawberry variety, has started in to try her hand at all manner of combinations. The banana shortcake is said to be especially good. Make the shortcake after your favorite recipe, and then spread between and over the top this filling: Grate one-half the peel of an orange and use with the pulp of two; rub five bananas through a sieve; add the orange and one heaping cup of sugar; then stir in half a cup of thick cream, beaten stiff and serve. Sweet cream can be omitted as an accompaniment to the shortcake, but is a welcome addition where economy is not observed.

How to Clean a Mackintosh.

To clean a mackintosh cloak first dip the garment in cold soft water, then with a scrubbing brush and yellow soap proceed to scrub it all over, having spread it on the table. When the dirt is removed dip the cloak in repeated waters to get rid of the suds, but do not wring it. Hang up in the air or in an airy room, but do not put near the fire. Paint or grease spots must be removed by spirits of turpentine, and

common soap will perform the rest. The dirtiest part will need most scrubbing. In cleaning a mackintosh always avoid hot water.

How to Open Fruit Jars.

To open fruit jars without any trouble insert a knife between the glass and the rubber, pressing down on the glass while going around it with the knife, and the cover will not only come off with perfect ease, but it will not injure the zinc cover.

How to Use Kerosene Safely.

It has been said that kerosene, like the fire it is to encourage, is one of the best servants, but the worst of masters, but the oil is a safe and excellent fire kindler if it is rightly used. One safe way to use it is to lay a few pieces of wood on a shovel and pour a little kerosene upon these before they are put in the stove, but an easier way is to fill a tin can half full of the oil and put in as much kindling or as many cobs as the can will hold, and they are ready for instant use, and two or three pieces of kindling or as many cobs are enough to start one fire. As nearly every servant will use kerosene in an extremity, it is well to give directions as to how it can be used without any danger, and still another safe and easy way to use the oil is to fill a glass jar about half full of pieces of brick about the size of an egg, cover with oil, and seal, and one piece will make a slow and steady flame.

THE FARMERS AND PRINTERS

An Illinois farmer in speaking before an institute of his profession recently said: "As a rule the farmer knows no firmer friend than the press. The home paper is distinctly the farmer's paper, supported directly or indirectly by the farmers who compose the backbone of the printers' subscription list and largely for whose trade the enterprising merchant advertises. Now, brethren, let us not forget our friends. Let us see that our subscription is paid before the first of April and a year in advance if we can afford it. The man or the paper that fights my battles shall have my support. An other thing, the merchants who advertise are the ones who make it possible for us to have a good local paper and the men who are too penurious to advertise and help support the press, have no right to the farmer's patronage."

NEW YORK FASHIONS

Pattern for Lady's Square Yoke Nightdress In High or Open Neck by Martha Dean

At this season of the year the shops display remnants of white goods and odd lengths of trimmings, not to mention the soft, fleecy outing flannel, at low prices to close out before the season's goods are put on sale. These odds and ends prove real bargains to the deft handed woman who wishes to replenish her supply of undergarments. In all well arranged households winter is the time for "white sewing." One has a supply of clothes, and then during the Lenten season there is splendid opportunity for such work. Perhaps the most serviceable nightdress for all kinds of wear is the square yoke style. It is easy to make, most comfortable to wear, and, besides, it is easy to launder. In the model here shown either high or open neck in square outline may be used. Fullness in the neck and sleeve is disposed of by tiny tucks, although gathers may be used instead if one so desires. The model may be as simple as one could wish or as elaborate in material and garniture as one's purse will allow. It is not only suited to the undermuslin, but to outing flannel and madras as well.

Pattern No. 5245

Sizes, 32 to 44 inch bust.

BAR-BEN NERVE FOOD

Builds up the Body, Brain and Nerves.

It destroys the germs and microbes in the blood, expelling the morbid, unhealthy matter which irritates the nervous system and breaks down the vitality of man and woman.

In Bar-Ben are combined both the purifying and the building up properties that are necessary to restore health and strength to the broken down system. If you are nervous, irritable, restless, your heart jumps and palpitates at every noise; if you cannot concentrate your mind on just one thing; if you do not sleep well at night; have no appetite for food and no assimilation of food; if you are constipated, your digestion, bowels, nervous system, and within a few days you regain that vim, vigor and vitality which you thought was lost forever.

Bar-Ben is the true scientific, natural and positive cure for all nervous diseases, lost vitality, night emissions and excesses; the effects of over-work, worry, brain fatigue, the excessive use of tobacco, opium or liquor. No matter what has caused your trouble Bar-Ben will bring you back to health. Don't wait another day, get some Bar-Ben and begin taking it. The sooner you commence, the sooner your weakness will vanish.

All druggists or mailed on receipt of price, 50 cents. For free sample and medical advice, write Bar-Ben Remedies Co., Cleveland, O.

LOCAL BREVITIES.

Mr. John H. Morris will occupy one
of the houses in "Tony Row."

Ross English was to be up town
again today. He is but little better,
however.

Squire W. S. Hall did not rest
well last night, but he is thought to
be slightly better today.

Mrs. Sarah Arnold is having several
of her rooms brightened up for spring
by new paper hangings.

Only a few weeks more and the
smile of the ice man will meet the
smile of the coal man and effect a
merger.

Horatio Bennett has gone to Green-
field, where he has taken a position
with Will and Charles King in their
bakery.

Arvel Horkless and wife and Miss
Fannie Caldwell spent last evening
with Bert Reeve and family, west of
town and enjoyed a taffy-pulling.

Gordon, the little adopted son of Mr.
and Mrs. John M. Stevens, underwent
a successful operation for hernia at
Sexton's sanitarium this morning.
He is doing nicely.

A warrant was served today on Jack
Powell on an indictment returned
against him by the grand jury and
charging him with frequenting gam-
ing rooms. He gave bond in the sum
of \$50 with Ed. Lowden as surety.

This is the time of the year when
things begin to look dirtier than in
cold weather; your clothes seem rus-
tier and you realize that something
must be done if you wish to preserve
your reputation for neatness and good
order.

A load of hay belonging to Allen
Hinchman was upset on the I. & C.
tracks at the Perkins street crossing
yesterday evening, caused by the
breaking of part of the hay rigging.
The hay was reloaded, however, with-
out any damage and without delaying
traffic on the traction line.

The Spring Medicine

—FOR THE—

Whole Family.

If your blood and your whole system is clogged up with impurities
accumulated during winter; if you feel dull and drowsy; if your brain
seems foggy; if everything you do requires a great effort on your part; if
you feel "out of sorts" all over—then you certainly need

Dr. Behr's Peptonic Syrup,

"The Spring Medicine for the Whole Family." Cleans all impurities out
of the whole system, sharpens the appetite, aids digestion, increases
strength and makes life worth living once more.

Price, 50c. Per Bottle.

Hogs sold higher yesterday, at India-
napolis, than they had since October 20.

Prof. George Curtiss, of Shelbyville,
is organizing a concert orchestra, to be
composed of twenty members.

Henry Schloesser, of Moral township,
Shelby Co. killed an American gray
eagle measuring seven feet, six inches
from tip to tip, and William Sleeth shot
one measuring seven feet.

The smallpox patient at Liberty, was
turned loose, cured, last week, and the
shack where he was cared for was
burned, by order of the county com-
missioners.

—Greensburg News: Mrs. D. Silberberg
and son, Paul have returned from a
pleasant trip to St. Petersburg, Florida,
where they spent several weeks. Mr.
Silberberg, who accompanied them, will
return tomorrow.

"Grandpa" A. T. Mahin was over
from Connersville yesterday. Mr.
Mahin is now being called "Grand-
pa" by reason of the fact that a
daughter was born recently to his son
Max and wife.

Look out for female counterfeiters.
An attempt was made yesterday morn-
ing to pass a counterfeit silver dollar on
one of the lady operators at one of
Greensburg's places of business, but
she was discovered in time.

Jesse Sanders' barn burned yesterday
morning at 5 o'clock at his home in
Moscow. Everything was saved ex-
cept the building, hay and grain.
The total loss is \$500. It is not known
whether he had any insurance or not.

Thomas W. Lytle today installed
seven handsome new "Silent Sales-
man" counter show cases in his drug
store which add very much to the at-
tractiveness of his store. Mr. Lytle
has two more cases on the way.

Dale, Kelley and Stewart have sold
a lot in their addition to Rushville
formerly the Brann lot on West Third
street for \$300 to Mrs. Kate Horr. Mrs.
Mary Heaney and Mrs. Nellie Kirk
have purchased others at the same
price.

One of the many indications of
spring is the fact that Mr. Wm. Helm's
tulips and crocuses are beginning to
make their appearance. The Helm
yard on Third street is one of the
prettiest places in town during the
spring and summer seasons.

It is expected that the plans for the
new Grand Lodge hall of Knights of
Pythias of Indiana will be ready in
the next twenty days so that contrac-
tors may receive the same to bid upon.
It is intended to have in the basement
one of the best restaurants in Indian-
apolis.

The high school had a special musi-
cal program yesterday morning in
honor of St. Patrick's Day. The Glee
club sang "Killarney," Misses Mary
Amos and Bernice Anderson played
several piano duets, and Miss Ida
Marlam Spurrier sang the Marseillaise
hymn.

C. H. Wolfe, the photographer, has
a splendid exhibit of photographs in
the show window at George C. Wyatt
& Company's furniture store. Among
the pictures is a splendid likeness of
the late Dr. Lot Green and another
of Miss Georgia, daughter of Mr. and
Mrs. George C. Wyatt.

Shelbyville Democrat—The condition
of E. B. Amsden remains critical and
his death is momentarily expected.
The physicians were in consultation this
morning and decided the operation
which it was thought would better his
condition, could do nothing toward sav-
ing his life and it was abandoned.

To find a friend in a crowd you must
scan every face in it—until you see the
one you are looking for. To find the
want ad. which spells "opportunity"
for you, it may be necessary to read all
the "Want Adlets" on the second page
of the Daily Republican regularly
every day. Failing to do so even one
day, may mean a pecuniary loss to
you—having missed something that
was intended for you.

Benton Lafaze, a son of Ezra Lafaze
of Liberty, shot himself through the
heart at 4 o'clock a. m. Friday at his
home two and a half miles northeast
of that place, dying instantly. His brother
was sleeping in the same room and be-
fore he could reach him a second shot
was fired. The young man was 29 years
old and had been mentally deranged for
several years as a result of typhoid
fever.

The hardward stores at Shelbyville
are experiencing a heavy traffic in dog
muzzles caused by recent ravages of the
dog poisoner, whose deadly work is
compelling the owners of canine pets in
that city to seek some drastic preven-
tative. A strong objection is raised by
the dogs, but their wishes are not being
considered in the matter. If some one
will plan a muzzel for the poisoner, the
dog loving public will gladly contribute
to the expense fund.

SOCIETY NEWS

Miss [Ethel Blackledge will enter
tain at a birthday party Monday eve-
ning.

Miss Mary Amos entertained a few
of her friends at a taffy-pulling last
night.

The A. B. C.'s meet this afternoon
with Miss Lydia Mauzy, on North
Main street.

The Sparks-Denning Bowling club
met last night. The highest scores
were 177 and 103, won respectively by
Mr. and Mrs. Will Havens.

New Castle Courier: Miss Leona
Vance, of Rushville; Dwight North,
of Milton; Marjorie Harris, of Mun-
cie, and Harriet Lane, of Anderson,
are among the out-of-town guests ex-
pected to attend the dance in the Red
Men's hall tonight.

Mr. and Mrs. John Wolverton enter-
tained yesterday evening in honor of
Mrs. Lizzie Patterson, of Indianapolis:
Mr. and Mrs. Thomas Scanlan, Mr.
and Mrs. John B. Winship and Mrs.
Martha Morris. An elegant six
o'clock dinner was served in three
courses.

Albert Capp and Willie Winship en-
tertained about forty guests at a most
successful party last night at the Win-
ship home on North Main street. The
house decorations were very pretty,
the dining room and table were es-
pecially pretty in green and white
appointments. A one course lunch-
eon was served by Misses Fanny
Capp and Mattie Hogsett. Everyone
thoroughly enjoyed the evening at
cards and finch and Miss Ruth Tevis
sang some beautiful selections which
added an especial brightness to the
affair. Miss Stella Gause, of Indian-
apolis, was among the guests.

The associate members of the Ladies'
Musical entertained the active mem-
bers at a reception given yesterday
afternoon at the home of Mrs. Willard
Amos on North Perkins street. There
were about fifty present, among them,
Mrs. J. B. Brown, the guest of Miss
Capitola Guffin. The association's
colors, green and white, were honored
in the house decorations of palms and
ferns and white carnations. The idea
was also carried out in the refresh-
ments. Paper shamrocks were given
as favors. During the afternoon
music was furnished by Misses Mary
Amos and Bernice Anderson. The
entertainment for the afternoon was
found in guessing contests, for which
the first prize, a framed picture of
composers, was given to Mrs. C. H.
Gilbert. The booby prize artfully
selected with the view of developing
and cultivating the natural ability of
its possessor, was a first class French
harp. Everyone enjoyed the after-
noon and the hospitality of the asso-
ciate members was deeply appreciated
by the other members of the society.

The Wi-Hub club was delightfully
entertained last night by Mrs. Minnie
Abercrombie and Mrs. Cox at the home
of the latter on North Morgan street.
In the house decorations green pre-
dominated. The curtains and chan-
delliers were artistically festooned
with shamrock, with here and there a
vicious snake or frog (fortunately for
the gentlemen, not live ones). In
keeping with the day the ladies all
wore immense green sashes, and the
gentlemen honored St. Patrick with
bright green ties. Partners for the
dinner were chosen by matching
colors of the "Paddy" caps given out
by the hostesses. The twenty-four
guests were seated at one long table,
arranged in a T shape. The dinner
was served in three courses, the color
of the day being prominently observed.
The Artful Gallery, a guessing con-
test and charades, the clubs' favorite
game, made the evening most enjoy-
able to all. The invited guests out-
side of the club were Mrs. Ora Wilson
and Mr. and Mrs. Frank Reynolds.

Our people should not forget that
the seat sale for the News' Newsboys'
Band concert and entertainment opens
Monday morning at Hargrove & Mul-
lin's. Hear the gold medal band;
Harry Porter, the comedian; J. Rus-
sell Powell, the basso; Prof. Donn
Smythe, the magician; Roy Lane,
king of the baton, etc. It will be one
of the best entertainments of the sea-
son. Reserved seats only 35 cents.

All people interested in the Oratorio
Society are requested to meet at the
court house assembly room Monday
night at 7:30 o'clock.

ATTENTION, RED MEN.

There will be a called meeting of
Tanpah Tribe No. 102 Imp'd. O. R. M.
at their wigwam Saturday evening at
7:30 p. m. to make arrangements for

The First Steel Plow.

The first John Deere Plow was made
in 1837, and what is left of this plow
is now an honored relic in the office
of Deere & Co.

It will be interesting to the users of
the John Deere goods to know some-
thing of the methods of construction
of the modern John Deere plow.
First, it is important to know that
the first slab of plow steel ever rolled
was made for use in the John Deere
plow and that the highest grade of
plow steel in use is the product of
American enterprise, and above all it
should be remembered that only the
very best of this and other material
for the purpose, is ever allowed to
enter into the construction of the
plows that bear his name.

The hardest wear on a plow comes,
as a matter of course, upon the share,
mould board and land side in the order
named, and in the high grade John
Deere plow, these parts are made of
the finest quality of steel that can be
made for the purpose, manufactured
specially for use in this factory. The
share and mould are made from a
special steel made in three layers, each
about an eighth inch in thickness, the
middle layer being of a tough, elastic
nature which retains these qualities
to a large degree after the steel has
been tempered and which furnishes
the required strength to the parts
which otherwise would be exceedingly
brittle after tempering. The outer
layers are of a quality of steel which
take the highest possible temper, be-
coming so hard that it cannot be
scratched with a file and which fur-
nishes the fine scouring qualities of
the John Deere plow, taking a polish
like a mirror.

These plows are for sale by C. E.
Cowing & Bro. They also sell the
John Deere Two-Row Cultivators,
Hoosier Planters, Buggies, Carriages,
and Harness of all kinds and prices.

The Tabard Inn Library.

The Tabard Inn is the very newest thing in the book and
library world. It is a circulating library without dues or
fines. A Tabard Inn book purchased at the publisher's
price or less carries with it a continuous exchange privilege,
and is the only identification required in order to use the
Library service. These books are sold regularly at \$1.50
each and become the property of the purchaser. The ex-
change fee is five cents.

Give us your name and help start this library. It is something Rushville needs.
